Letter of Medical Necessity (LOMN)

Please send completed form and required documentation to National Benefit Services.

Occasionally your doctor or licensed health care provider may prescribe specific items to treat a medical diagnosis (i.e. vitamins, supplements, etc). These items may qualify to be reimbursed through your Flexible Spending Account (FSA). To request reimbursement for these items, a Letter of Medical Necessity (LOMN) from your doctor or licensed health care provider is required.

This LOMN will be valid for the treatment period outlined below and only needs to be submitted with the first claim. If the treatment goes beyond the dates listed on this form, you must submit a new LOMN for the new treatment period. If your condition is ongoing, you will need to provide a new LOMN every 12 months. If you have a chronic condition, please make sure your health care provider notes that on this form. This will allow us to keep this LOMN on your account indefinitely.

1. Your licensed provider's information and signature is required for reimbursement
2. This form must be submitted along with a signed claim form to request reimbursement unless you are using your NBS Card for payment of services
3. Send all information to National Benefit Services using the contact information provided below

1 Personal Information (to be completed by participant)

Participant Name (First Name, Last Name)

Participant Social Security Number (Required)

Participant Street Address, City, State, Zip Code
